CHERRY-TODD ELECTRIC COOPERATIVE, INC.
POLICY _____
COLLECTION POLICY ON ELECTRIC ENERGY ACCOUNTS

I. Objective: To establish a policy for a payment due date, collection of delinquent accounts, disconnecting services for non-payment, and associated fees.

II. Policy:

- A. All electric energy accounts from individuals receiving service from the Cooperative are due on the 25th day of each month following the period for which service was rendered. All electric energy accounts which remain unpaid by the 25th day of each month, due and payable, shall be considered delinquent.
- B. The payment indicated as due by the consumption of energy or minimum bill, whichever is greater, **must be received at Cooperative's headquarters** by the close of business on the 25th day of each month. A \$20.00 late fee will be charged to any account if payment is not received in accordance with this Policy, and the service will be subject to disconnect without further notice.
- C. If service is disconnected, the delinquent bill plus an additional \$20.00 reconnect fee and applicable tax must be paid before service is restored. Any re-connection made by the Cooperative at times other than regular office hours at the request of the consumer will be charged an additional \$30.00 overtime charge.
- D. No attempted payment is considered to have been made until actually received by Cooperative. Payments "in the mail" but not yet received at Cooperative headquarters on any of the pertinent dates previously mentioned will not be considered as grounds for mitigating any portions of this Policy. Cooperative is not responsible for delays encountered in the transmittal of mail; it is the responsibility of the individuals receiving the electric energy to mail the payments with sufficient time to allow for unforeseen delays.
- E. When a check received in payment of an electric energy account is not honored by the consumer's bank ("returned check"), the account shall be considered delinquent, and this Policy shall be in effect as if no check had been received. A \$40.00 penalty and applicable sales tax will be imposed on all returned checks. Any consumer who submits two returned checks to Cooperative within a ninety-day period for payment of an electric energy account(s) may be required to submit prepayments or a deposit in the amount of the consumer's average monthly bill.
- F. If a consumer has multiple electric services, Cooperative reserves the right to disconnect multiple services if any are delinquent.
- G. The Cooperative reserves the right to deviate from this Policy if, in its sole discretion, good cause exists to do so.

III. Responsibility: It shall be the responsibility of the General Manager to ensure adherence to this Policy.

POLICY _____
DOOR SECURITY AND ACCESS CONTROL POLICY

I. Objective: To ensure the security and safety of all Employees and to comply with building security and fire codes, propping open any exterior or secured interior door is strictly prohibited at all times.

II. Policy:

- A. In order to maintain a secure environment for employees by preventing unauthorized access to Cooperative facilities, prevent fire and smoke from spreading in the event of an emergency, and to protect Cooperative assets and sensitive information, all exterior and secured interior doors must remain closed.
- B. All Employees are responsible for ensuring that doors close and lock behind them when they enter or exit Cooperative facilities.
- C. Employees are strictly prohibited from using any objects or devices to hold doors open, including "in" or "out" doors.
- D. Overhead doors may remain open while performing work in the shop when necessary. All overhead doors must be securely closed upon the completion of the work and an Employee must be present in the work area at all times overhead doors remain open.
- E. In the event of fire or other emergencies, Employees shall not prop open any fire doors.
- F. If a door fails to latch or lock properly, Employees must report the malfunction immediately to the General Manager for repair.
- G. It is the responsibility of Management Staff and all Employees to ensure compliance with South Dakota fire and building codes by adhering to this policy.
- H. Violation of this policy may result in disciplinary action, up to and including termination.

III. Responsibility: It shall be the responsibility of the General Manager and Management Staff to ensure adherence to this Policy.
